July 2017

We won 2 awards at the Buckinghamshire Business First awards

The team are delighted to announce that we've been crowned International Trader of the Year and Growth Business of the Year at this year's inspiring Buckinghamshire Business Awards.

Tom's fired up for the Snetterton race - 29/30th July

With Oulton Park (20/21May) marking Tom's 100th BTCC start, both Oulton Park and Croft proved to be frustrating weekends. A combination of additional weight, treacherous weather conditions and a couple of knocks has left him 5th in the Championship.

HS-100 product update

We have made improvements to our popular HS-100 range. They include a reduction in size and weight, with an increased higher frequency response. Over the next month these changes will be added to the datasheets on the web. This will also include all of the Intrinsically Safe product range.

There will be no change in price
