Dear Reader,

As the year draws to a close, we at Hansford Sensors would like to take a moment to thank you, our valued customers and partners, for your continued trust and support. 2024 has been a year of growth and innovation for us, and we couldn't have achieved it without you.

## A Look Back at 2024:

### Receiving the award: The King's Award for International Trade 2024 🏆

Hansford Sensors Team was honoured to receive a visit of the Kings Representative and Dignitary Delegation.

**Community Engagement:** From industry events to training workshops, we've enjoyed connecting with you both online and in person.

**New Office in the USA:** Louisville, Kentucky

Our new office reflects not just our commitment to innovation but also our strategic move for team expansion. This step underscores our dedication to attracting top talent and building a dynamic team, ensuring sustained success for Hansford Sensors.

---

## Product Innovation

### HS-AM058: Magnetic Base

Key Features:

- Material: Stainless Steel
- Pull Strength: 23 kg (50lbs)
- Dimensions: 19.0mm (0.75in) height x 35.6mm (1.40in) diameter

### HS-150H: Built for High Temperatures

By special request, we offer the HS-150H vibration sensor, specifically designed to perform reliably in the harshest environments with an operating temperature range of -55°C (-67°F) to 165° (329°F). Whether it's freezing cold or scorching hot, the HS-150H delivers precise and dependable monitoring.

Key Features:

- Wide Temperature Range
- Durable Design

---

From all of us at Hansford Sensors, we wish you a joyful holiday season filled with peace, happiness, and success. May 2025 bring you prosperity and new opportunities.

---

## Join Us in 2025

### Let's Connect at Upcoming Events

We're excited to announce the events where you can meet us in 2025. Whether you're interested in the latest in vibration monitoring or want to chat about predictive maintenance, we'll be there to share insights and solutions.

🔗 Check out the full list here: <https://hansfordsensors.com/latest/?e#events>

💡 Stay tuned: This list will be updated throughout the year, so keep an eye out for more opportunities to connect.

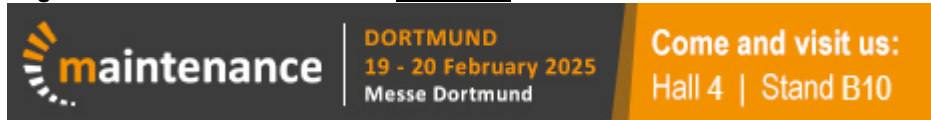

👉 Let's make 2025 a year of innovation and collaboration—see you at the events.

### **The upcoming event: Maintenance Dortmund 2025**

Maintenance Dortmund is the leading trade fair for industrial maintenance and offers companies from all industries a good forum to find out about the latest developments and advances in the field of maintenance and production optimization.

Together with VIMS, we would like to invite you to the Maintenance Dortmund 2025.
