

Declaration of REACH Compliance Statement

Hansford Sensors Limited
of
High Wycombe, United Kingdom

REACH concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (EC1907/2006) has entered into force on 1 June 2007 and will be phased in until 2018.

As of 7th November 2024, the ECHA had identified 247 "candidate" Substances of Very High Concern (SVHC). Annex XVII to REACH includes all the restrictions adopted in the framework of REACH and the previous legislation, Directive 76/769/EEC. It is anticipated that substances used in our products will be registered by raw material manufacturers within our supply chain.

Based on our vendor supplied analyses, we declare that all accelerometers, cables and accessories supplied by Hansford sensors Ltd do not contain any of these SVHC's in any concentration above 0.1%, and hereby certify that its products are in full compliance with all aspects of REACH Regulation (EC) No. 1907/2006 of the European Parliament and of the Council of 18 December 2006, concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH).

Signed for and on behalf of Hansford Sensors Limited

23th April 2025
